¹ When filling in the **Authors** field it is necessary to write the name of each of the co-authors in a separate cell by pressing Enter button.

² When uploading an article file it is necessary to indicate the full name of the authors in the file (with *.doc*, *.docx* extensions) name.

³ When uploading a file of an article without mentioning the author, it is necessary to remove the full name of the author and co-authors, affiliation, information about authors in 3 languages in the text of the article. Name the file the same title as the article. An article file without an author is required for blind review.

⁴ When filling in the **Keywords** fields, type each keyword or phrase into a separate cell by pressing Enter button. Number of keywords and phrases should be not less than 5 and not more than 8.

You can check your submitted articles in the **Submitted Articles** tab:

a) if the column is highlighted **yellow**, then the article is awaiting examination,

b) if the column is highlighted **green**, then the article passed examination successfully,

c) if the column is highlighted **red**, then the article did not pass examination, and was sent for author's revision.

The article has been sent for review

X Checking the article structure for compliance with technical requirements

Уважаемый Автор! 1. Укажите 1-го главного автора статьи знаком *.
 2. References, Список использованных источников должны быть оформлены в соответствии с ГОСТ 7.1-2003.

c) article did not pass examination and was sent for author's revision.

After submission, the article goes through the following stages:

- ✓ **Checking the structure of the article for compliance with technical requirements**
- ✓ **Checking the article for compliance with the subject, profile of the journal and initial assessment**
- ✓ **Checking the article in the anti-plagiarism system**
- ✓ **Peer Review**
- ✓ **Consideration of the article by the editor-in-chief and the editorial board**
- ✓ **Payment verification**
- ✓ **Publication.**

As the article passes the aforementioned steps, its status will change in your account.

Checking the structure of the article: the technical editor checks the correctness of the information provided by the Author, the correctness of the formatting of the article according to the requirements of the journal.

Checking the article for compliance with the subject, profile of the journal: the article is checked for compliance with the scientific field of the journal.

Checking the article in the anti-plagiarism system: the article is checked for borrowed ideas and citations. The degree of originality of the article must be at least 60%. An anti-plagiarism report file is available.

Peer Review: the article is sent to blind double peer review.

In the course of the peer review of the scientific article, the reviewer can:

- recommend the article for publication;
- recommend the article to be accepted with revision;
- recommend to reject the article.

Comments and suggestions of reviewers (without specifying their personal data) are sent to the author

Consideration of the article by the editor-in-chief and the editorial board: the editorial board decides whether to accept or reject the publication, based on the results of the peer review.

Payment verification: the reception of the payment on the current account is verified.

Payment receipt is provided after the article is accepted for publication. Details for payment can be found in **For authors**→ **Publication fees** tab.

The scanned payment confirmation must be submitted as .jpg/jpeg or .pdf file. The receipt of payment must contain the date of payment and *for publication* note.

The screenshot shows the 'My articles' section of the journal's website. At the top, there is a 'SUBMIT ARTICLE' button. Below it, there are two tabs: 'Submitted Articles' and 'Published Articles'. The 'Submitted Articles' tab is active, showing a list of submission steps for the article 'Формирование развитой личности'. The steps are:

- Checking the article structure for compliance with technical requirements
- Checking the article for compliance with the topic, the profile of the journal, initial assessment
- Checking an article for anti-plagiarism (with a link to 'Файл антиплагиата')
- Article review (with links to 'Рецензия 1' and 'Рецензия 2')
- Review of the article by the editor-in-chief and editorial board
- Payment verification (with a link to 'Файл оплаты')
- Publishing an article

 A 'REFUSAL TO PUBLISH' button is visible at the top right of the article details. The website header includes the Toraihyrov University logo, navigation links (Archive, For authors, Editorial Board, Contacts), and a language selector (ENG).

Publication: the article receives a registered DOI number and the article is published in the journal.

Authors can download a reprint of the article and the journal issue in .pdf format in their personal accounts through **My articles**→**Published articles** page. Also, under the **Archive** tab the journal issue and the reprint of the article are available for download.
