To submit an article, you must click on the **Submit your article** button in your personal account or on the main page of the journal.

An information window will open for submitting an article to the journal. In this window, you must provide the following information about the article (fill all fields):

### ✓ Article title

✓ **Authors** (When filling in the field it is necessary to write the name of each of the coauthors in a separate cell by pressing Enter button)

#### ✓ Scientific field of the article

✓ Article file (When uploading an article file, you must specify the file name in the following format: Last Name\_Initial\_Article, for example Ivanov\_IV\_Article.docx)

✓ Article file without mentioning the authors (When uploading an article file without specifying the author for review, it is necessary to remove the full name of the author and co-authors, affiliation, and information about the authors in three languages from the text of the article. The title format should be: No\_authors\_Article)

#### ✓ Interstate Rubricator of Scientific and Technical Information

- ✓ Article language
- ✓ Abstract

✓ **Keywords** (When filling in the fields, type each keyword and /or phrase into a separate cell by pressing Enter button)

#### ✓ Consent to release article into the public domain.

It is necessary to double check all fields and click Save.

c) article did not pass examination and was sent for author's revision.

After submission, the article goes through the following stages:

✓ Checking the structure of the article for compliance with technical requirements

✓ Checking the article for compliance with the subject, profile of the journal and initial assessment

✓ Checking the article in the anti-plagiarism system

✓ Peer Review

✓ Consideration of the article by the editor-in-chief and the editorial

board

Payment verification

**Publication.** 

As the article passes the aforementioned steps, its status will change in your account.

**Checking the structure of the article:** the technical editor checks the correctness of the information provided by the Author, the correctness of the formatting of the article according to the requirements of the journal.

Checking the article for compliance with the subject, profile of the journal: the article is checked for compliance with the scientific field of the journal.

**Checking the article in the anti-plagiarism system:** the article is checked for borrowed ideas and citations. The degree of originality of the article must be at least 60%. An anti-plagiarism report file is available.

**Peer Review:** the article is sent to blind double peer review.

In the course of the peer review of the scientific article, the reviewer can:

- recommend the article for publication;

- recommend the article to be accepted with revision;
- recommend to reject the article.

Comments and suggestions of reviewers (without specifying their personal data) are sent to the author

**Consideration of the article by the editor-in-chief and the editorial board:** the editorial board decides whether to accept or reject the publication, based on the results of the peer review.

**Payment verification:** the reception of the payment on the current account is verified.

Payment receipt is provided after the article is accepted for publication. Details for payment can be found in **For authors** $\rightarrow$  **Publication fees** tab.

The scanned payment confirmation must be submitted as .jpg/jpeg or .pdf file. The receipt of payment must contain the date of payment and *for publication* note.
